ABOUT US

Established in 1984, Neuland Laboratories is a leading manufacturer of active pharmaceutical ingredients (APIs) and a provider of end-to-end chemistry-related solutions for the pharmaceutical industry. Our expertise spans generic API manufacturing, advanced intermediates, and the development and commercialization of APIs for new chemical entities (NCEs).

As a pure-play API manufacturing service provider, Neuland offers globally compliant manufacturing facilities and does not compete with its customers in finished pharmaceutical products. We are a trusted provider of APIs and advanced intermediates in over 80 countries across the US, Europe, Japan, APAC, India, MENA, and LATAM.
